OBJECTIVE

Seeking a challenging and rewarding opportunity with a software engineering firm to use and grow my coding skill. Talent software engineer specializing in graphic user interface seeking to apply my skill at an industry –driving software development company.

Experience

• Wolfox Services Pvt. Ltd.

code debugger

I worked for 6 months with Wolfox Services as junior assistant under Mr. XYZ to find errors and debug the codes. I had a great experience will working with their team.

• Coforge

Artificial Intelligence

I had a 11 months experience with Coforge IT Company as a AIML person. With help of my team we made lots of projects like building full e commerce website and some other clients requirments.
